

Big Paw Dog Care Ltd

Dog walker required (permanent, part time)

Big Paw Dog Care Ltd is based in Faringdon, Oxfordshire and provides personal, reliable, professional care. We specialise in off-lead dog walking and socialising in packs of up to six dogs at a time. We also offer a day care service and home boarding exclusively for our regular dog walking and day care clients.

We are looking to recruit another member of staff to assist with dog pick-ups, walking and drop-offs, maintaining or even building on our excellent level of client satisfaction. A period of mentoring would take place before the successful candidate would be expected to work alone.

Normal working hours can be 11:00 to 15:00 Monday to Friday (there is the potential for flexibility with days and working hours as long as it fits in with the needs of the business), with the potential for extra hours as the company continues to grow and to cover staff absences.

Basic pay will be just over minimum wage and a bonus will be paid for each dog you care for during a given session, so as the business continues to grow the more you will take home.

Uniform will be provided and you will use the company's vans for pick-ups and drop-offs.

This is an opportunity to enjoy the most fun and rewarding part of being a dog walker with the benefits of a guaranteed income and paid holidays. This would also mean you have none of the hassle of becoming self employed, maintaining business admin, invoicing, chasing debt, running a vehicle, etc.

Successful applicants will need the following:

- To be passionate about dogs
- To have experience with handling dogs
- To be available during the core hours stated above all year round, barring your holiday entitlement
- To be physically able to handle several (potentially large) dogs at the same time
- To have a full, clean UK driving license
- To have no criminal record (a DBS check will be required due to the entrusted nature of the work)
- To be patient and to be able to keep a level head in stressful situations
- To be confident, friendly and professional when dealing with clients
- To be reliable, honest, flexible and to enjoy being part of a small, friendly, hard working team
- To live within or very near the Swindon – Carterton – Wantage triangle

To apply for this role please email jobs@bigpawdogcare.co.uk, including contact details and anything you feel will help your application, such as a CV stating your experience, etc.
